SENSORIAL PATH & FOUR-HANDS DINING EXPERIENCE w/ Giulia Soldati

from 26.04 to 28.04

Dimora delle Balze invites you in the month of April in an **immersive culinary experience** and **workshop** for reconnecting us with nature and food.

This project was born out of a **deep awareness** of the importance of preserving nature and **biodiversity**; it is a tribute to the beauty and goodness of our lands.

Every dish we serve is the result of close collaboration with **local** businesses, because we believe that connecting with the community is essential to creating an **authentic connection** with nature.

Imagine leaving behind the hustle and bustle of city life and **immersing yourself** in an oasis of tranquility and authenticity. Our Dimora is the ideal place to disconnect from your routine and **reconnect** with yourself and your senses.

To make this experience even more memorable, after our 3 culinary experience meetings, we have planned a **workshop** with Giulia Soldati, **April 26th -28th**.

Giulia Soldati, founder of [@contatto_experience](#) is a leading figure in the world of gastronomy renowned for her passion and commitment to promoting **authentic and sustainable cuisine**. You will be guided through a sensory journey that engages all the senses.

Don't miss the opportunity to **explore nature** through taste, smell, sight and touch. Join us for a Culinary Experience and Workshop that will take you back to basics, celebrating the beauty and goodness of the earth in every bite.

We are waiting for you.
